

The Michigan General Property Tax Act allows certain citizens to DEFER their summer property taxes. To qualify for the deferment, a township resident must have a household income below \$40,000 and meet one or more of the following conditions:

- Is a totally and permanently disabled person, blind person, paraplegic, quadriplegic, eligible serviceperson, eligible veteran, or eligible widow or widower.
- Is 62 years of age or older, including the un-remarried surviving spouse of a person who was 62 years of age or older at the time of death.
- Agricultural Real Property: Property, which is classified or used as agricultural real property, and that the gross receipts of agricultural or horticultural operations in the previous year (or the average gross receipts for such operations in the previous three years) are not less than my household income for the preceding calendar year or the combined household incomes in the previous year of the individual members of a limited liability company or partners of a partnership that owns the agricultural real property

Approval of the Application for Deferment of Summer Taxes only defers the due date without penalty until February 14. It does not lower or eliminate the tax.
